

HERMAN RIDDER TO SUPPORT BRYAN

Greatest German Paper in United States Will be Behind The Nebraskan.

JOHNSON MEN ARE FOR HIM

Tom Watson Misquotes Bryan and Latter Promptly Repudiates Alleged Talk.

Fairview, Lincoln, July 12.—"You may rely on the sincere and earnest support of the New York Staats Zeitung."

(Signed) "HERMAN RIDDER."

This telegram, sent by the editor of the Staats Zeitung from some Kansas town, the name of which could not be deciphered, was received by Mr. Bryan at Fairview today. Although Mr. Bryan made no comment, his pleasure was evident in the buoyant tone in which he read the statement. It was Mr. Ridder who, before the Denver convention, called here with the announced intention of asking Mr. Bryan to withdraw from the field on the ground, in Mr. Bryan could not win in November. Lincoln Democrats declare that Mr. Ridder did not press this point, however, upon visiting Fairview. He departed from Lincoln in a happy frame of mind with Mr. Bryan's O. K. on his free wood pulp plank.

TO MEET WITH COMMITTEE.

Dr. P. L. Hall, Nebraska's new member of the national committee, discussed with Mr. Bryan today arrangements for Mr. Bryan's meeting with the committee here Tuesday. The qualifications of a number of men for the position of chairman of the committee were talked over informally, but their names were not to be learned either from Mr. Bryan or Dr. Hall. There is a disposition to leave the final selection to Mr. Bryan.

Dr. Hall admitted that he had in mind a man that he thought would best fill the office, and that Mr. Bryan had another. However, it is predicted that the end of the meeting here will see the chairmanship a settled fact and many details of the coming campaign mapped out, at least, in outline. Later, Mr. Hall said he thought it safe to say the new chairman would be one of the following: D. J. Campana, Michigan; J. E. Lamb, Indianapolis; Ollie James, Kentucky; and J. A. Armstrong, Kansas. All save Campana are members of the national committee. Mr. Bryan has received numerous tenders of the services of speakers. Nearly all of them, if their letters are given full credit, are spoliars of restless appeal. Musicians also have been early on the ground, and the men who make banners and buttons and get out printing and pictures. Such of these matters as deserve attention will be turned over to the national committee Tuesday.

JOHNSON A SUPPORTER.

Among Mr. Bryan's supporters, whose activities will be given the widest range possible, is Gov. Johnson of Minnesota. This word was given when 40 or 50 of the nation's capitalists, who went from Minneapolis to Denver to fight for the governor, called at Fairview today. In token of surrender of the Johnson forces, Lester Edwood gave up his name as Johnson's name on it, to Mr. Bryan, the latter declaring that it would have a conspicuous place among the trophies of Fairview.

"The fight is over, and we're with you now," was the assurance given Mr. Bryan by Congressman Hammond, who placed Gov. Johnson in nomination.

This delegation and one which was returning to Cleveland were the only formal visitors at Fairview today, both being shown through the Bryan home and chatting informally with the candidate. Mr. Bryan smiled at the story of his offering to share the White House with his running mate, Mr. Kern. He admitted the facts in the case, but said that matter had been already considered and rejected about by Mr. Kern's insistence that he was too poor to uphold the social responsibilities of the office.

BRYAN'S HEALTH PERFECT.

Mr. Bryan has been urged by some of his friends to spend the remainder of

the summer at some resort where he could rest and gather strength for the fall campaign, but he much prefers to remain with his chickens and alfalfa. He is accustomed to the climate, which, though hot in summer, is not burdened with debilitating humidity. The candidate is in perfect health, and believes that he can rest better in his country home than anywhere else on earth. At a summer resort, he would be the prey of autograph and souvenir hunters and the idle curiosity to a greater degree than is possible at Fairview.

DENIES WATSON'S ASSERTION.

The following from a North Carolina editor was received at Fairview today: "Tom Watson quotes you as saying: 'you would never vote for a confederate veteran.' Does this misrepresent you?" In reply, Mr. Bryan telegraphed that he never made any such statement; that he had voted for a confederate veteran for speaker of the house of representatives on three occasions; that he voted for Speaker Crisp twice on roll-calls, first in the Fifty-second Congress and again in the Fifty-third, and voted for him in caucus in the Fifty-third Congress. He recommended an ex-confederate for postmaster at Lincoln, and while in the Fifty-second Congress, he had relations with the ex-confederates. He refers any inquiries to the people of the south, who helped to nominate him three times.

In the Denver convention, every southern state, except two, was instructed for him, and one of these two (Louisiana) adopted a resolution endorsing him, but not instructing. The delegates, however, voted for him as a unit. The other state was Georgia, where the delegates were elected upon state issues, rather than upon national issues.

ARRESTS IN CONNECTION WITH CLAIM JUMPING

Great Falls, Mont., July 12.—Sixteen arrests have been made at Culbertson according to a special to the Tribune, in connection with the claim jumping shooting affair that occurred there three days ago. The shooting occurred over a squatter's claim which had been located by Walter Long, and later taken up by John A. Hayes, on the ground that Long had abandoned the claim. Long and some of the miners warned Hayes to leave within 24 hours, according to the evidence at the coroner's inquest, and when he returned they attacked the cabin in which he lived, killing Hayes and his 11-year-old daughter. At the inquest Mrs. Hayes positively identified Walter Long and his brother Milo among the attacking party.

She said that the attacking party came to the cabin at 1:30 in the morning. Hayes, who was on the watch with one or two of his neighbors, called out, asking who was wanted. The reply was a volley of shots. Hayes and his force replied with revolvers, but at the next round from the attacking party, Hayes received a bullet through the chest. He lived about five minutes, and another bullet went through the cabin and struck his daughter Augusta, who died before a physician could reach the scene. The coroner's jury found that the shooting was done by Milo Long, Walter Long, Charles B. Gamble, George D. Isbell, Tucker C. Moore, John L. Johnson and others unknown.

It was believed there were about 20 in the party. Sheriff Small of Valley county, has placed these and 10 others under arrest, and they are now in the county jail. There is a very bitter feeling over the affair, and further trouble is feared.

TAFT AND ANTI-INUNCTION PLANK

His Views Expressed in His Judicial Opinions, Political Speeches and Public Addresses.

NO EXPRESSION AUTHORIZED

His Manager's Industrial Headquarters Give Out Statement at Variance With This.

Hot Springs, Va., July 12.—Judge Taft was tonight shown the statement given out by the Taft industrial headquarters in Chicago concerning the "anti-injunction plank" of the Republican platform adopted at Chicago.

"I know nothing of the statement to which you refer," said Mr. Taft. "My views on the subject of injunctions have been expressed in my judicial opinions, in my political speeches and public addresses, but have neither made nor authorized on my behalf any expression of the subject since the Chicago convention. What may be said by some advocates of mine, based on my opinions or my speeches, of course, I cannot say, and could not now be expected to comment on. I expect to treat of the general subject in my speech and letter of acceptance."

Tomorrow Mr. Taft will begin dictating his speech of acceptance, and will be so engaged during the coming week. He has not yet prepared a line of address, but has considered various parts of the document and talked with some of his callers about it.

CHICAGO STATEMENT.

Chicago, July 12.—A statement given out by the industrial headquarters established by Mr. Taft's campaign managers and printed today, reflects to Mr. Taft's personal anti-injunction views, says:

"The injunction as it has been used in labor cases generally is repugnant to our American sense of fairness. It is a device by which the unions as opposed to it in its present form, a position that many others who had advised against the injunction have not dared to take, which strongly emphasizes the difference between talking about a matter and being ready to do it."

"He (Taft) has stated repeatedly that no injunction should be granted unless the parties to the case have been heard. If this suggestion ever becomes law, the labor injunction will be put out of business, for the right to leave the service under certain conditions has been established firmly. The dissolution of each labor injunction issued against a strike in wage controversies directly between the employer and employee proved it."

NOT AUTHORIZED.

Washington, July 12.—Frank H. Hitchcock, chairman of the Republican national committee, had his attention brought to this afternoon by the publication in a Chicago newspaper, of which it was reported to be an authorized statement issued by the industrial headquarters of Judge Taft's views on the anti-injunction plank of the platform. Mr. Hitchcock said that he had never heard of this statement before and that he certainly would have been advised had any such statement been authorized by Judge Taft.

He declined to make any comment on the accuracy of the statement in this instant matter. It is recalled by Judge Taft's friends here that while secretary of war, Mr. Taft not infrequently expressed himself with great candor upon the subject of the proper employment of the powerful legal agency known as the injunction, in disputes between employers and employees. They point out that the judge, in several public speeches, has expressed in plain language his belief that the existing court practice should be regulated so as to admit of the trial of contempt cases before other judges than those who issue the writ, and that in other respects he was in favor of liberalizing court practice in the interest of labor, never, however, going to the extent of sanctioning the right of suspension of such writs of injunction without notice in cases where such action was necessary to prevent violence or destruction of tangible property.

A DELIBERATE MURDER.

Troy, N. Y., July 12.—What was evidently a deliberate murder and an attempt to conceal the identity of the victim has developed in finding the body of a young woman in Teals Port, a few miles east of this city. The body was identified tonight as that of Hazel I. Drew of this city. Miss Drew was 19 years old and had been missing from her home since last Monday. The police have no clue as yet as to how her skull was fractured and the body has been in the water several days when found yesterday.

BOAT WAS UPSET AND FIVE MEN DROWNED

Baltimore, July 12.—Five men are known to have been drowned, and three women and a man are believed to have met the like fate this evening, when a very severe wind and rain storm passed over the harbor of this city. Eight men in a rowboat were endeavoring to reach Fort McHenry, when one of them, Peter Dietrich, fell overboard, and, while attempting to leap overboard, upset the boat. He, William Delacour, Joseph Lohmiller and Edward Simmons were drowned. The others righted the boat and reached the fort safely. The overturning of a boat in the Spring Gardens brought death by drowning to John Harrington.

Newport, R. I., July 12.—The body of Rear Admiral Charles M. Thomas, who died at Del Monte, Cal., July 3, was buried in the Berkeley memorial chapel at Middletown today with full military honors.

OBALDIA ELECTED PRESIDENT OF PANAMA

Panama, July 12.—The presidential election throughout the isthmus of Panama passed off today without disturbance. Jose Domingo de Obaldia, formerly minister to the United States and acting president during the absence of Dr. Amador, was elected president. The supporters of Ricardo Ariza, who recently withdrew his candidacy, declined not to vote, and as a consequence no opponent to Senator Obaldia was put in nomination.

Colon, July 12.—The election here passed off quietly today. A heavy rain

storm prevailed and the only votes cast were by the supporters of Senator Obaldia. They totaled 304. The government faction, with a few exceptions, abstaining from voting. The commissioners representing the United States kept watch on the balloting at each of the polling stations.

QUEBEC PREPARING FOR GREAT CELEBRATION

Quebec, July 12.—Historic Quebec on the occasion this month of the tercentenary celebration of its founding, is planning a great historical, military and naval pageant in which the pages and maelstroms of the past will be shown to the world in a series of dramatic pictures how history was made in Canada in the days of old. The help to the throne of the British empire is coming to honor the memory of Canada's founder, Samuel de Champlain and his official landing will be made a brilliant spectacle. Side by side through the streets of Old Quebec, where once all present and future of Canada, and representatives of America, of England and of France, while in the harbor below the assembled battlefleets of many nations will boom out a salute to the past, present and future of Canada.

The dedication of the battlefields will be made the occasion for a military display on July 24. Thousands of soldiers will be mobilized from all parts of Canada and a score of battlefleets and cruisers will be in port representing England, the United States, France, Germany, Spain, Italy, Japan and the Argentine republic. Other features of the celebration include an official ball at parliament hall, given by the combined fleets at night, displays of fireworks, band concerts, the planting of a tree in Victoria park by the Prince of Wales in commemoration of his visit, receptions and a parade of military and civic organizations. Mounted heralds, arms and men of the watch will appear in the streets costumed in the time of Champlain, and will parade through the city, stopping at all important places and making official announcements in connection with the celebration.

The Prince of Wales, who will represent King Edward, will arrive here on July 22, on board the Indomitable, the newest, largest and swiftest of British battlefleets, and will remain until July 26. The Indomitable will be preceded by a fleet of four battlefleets and two cruisers, which are expected to arrive here on Thursday.
